That's what they're like. This combine of high profit, cash jewelers makes claims that look as beautiful as colored fire, but when the comparison comes between Castelberg's prices and theirs their glory comes down like the skyrocket stick.

Here's where the masses of the people select their Xmas Diamond, Watch and Jewelry Gifts. Outside of the question of that great "Credit to every honest man or woman" offer, prices for everything are by actual figures 20 per cent less than the cash figures about town.

That credit boon is the greatest opportunity ever offered the people. Half a million doll\_rs' worth of Diamonds, Watches and Jewelry to be sold to any honest man or woman on small weekly
